Corporate and Individual Mentoring/Coaching

www.thebigcalling.com

Training programs only take the client so far. Research shows that after a lecture only 10% remember anything after a few days. No wonder there is a low ROTI in this multi -billion-dollar industry. That is why we require clients to commit to follow up groups or individual coaching sessions. This ensures that our trainings go from a soft concept to a hard skill.

We emphasize:

- Productivity
- Creativity
- Problem Solving
- Stress & Burnout Prevention
- Emotional Intelligence
- Employee Recovery

*For more comprehensive Information, please go to the **Services** tab- Mentoring in the menu then sub menu- **Focusing On**.*
